To

SIR,

I have the honour to state that the Municipal Council at their meeting held on 1-11-1945 have approved amendment to clause 4 of Schedule IV of the Octroi Byelaws pertaining to the grant of exemptions from payment of octroi duty

2 The proposed amendment has two distinct advantages over the existing bye-law. The first advantage is that packages containing piece goods which are exported by the local merchants to outside places from within City limits are exempt from payment of Octroi Duty, provided they are returned back intact. The second advantage is that even packages which are sent outside and returned back after selection will be exempted from payment of octroi duty, if the goods are produced before the Octroi Office with a duplicate list showing the description of articles sent but returned back to senders within a time limit of 60 days, the list being certified before despatch.

3 Objections were invited from the public to the proposed amendment (which was published in the local news papers) and no objection has been received in the matter. The Municipal Council at their meeting held on 14-2-1946 have finally approved of the amendment and have resolved that further action may be taken.

4 I herein enclose a copy of the Council resolution dated 14-2-1946 together with a copy of existing and proposed

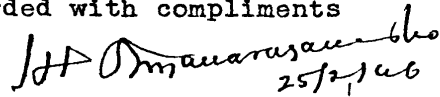

bye-law to be amended and request that early orders
of Government may kindly be obtained according sanction

Note received from the Municipal Advocate, Bangalore City Municipality

I have scrutinized the proposed amendment. The proposed amendment does not materially differ from the existing bye-law. The amendment also conveys the same meaning as the original bye-law but it is made clear by the using of the words "After breaking bulk or repacking the original package" that the parties are entitled to claim exemption for the octroi on articles returned back, unsold provided it is proved that the identity of the articles despatched and returned back are the same.
